THE
CUT & CRAFT
STEAK RESTAURANTS

**“The Cut and Craft is oozing with style -
but has the substance to match”**
The Yorkshire Evening Post .

The Cut & Craft was inspired by a love of great steak,
elegant dining and a passion for repurposing beautiful,
historic buildings.

Our restaurants seamlessly blend elegance and glamour to
create a unique and timeless dining experience for our
guests. From our first restaurant in York’s historic St
Sampson’s Square, to further openings in Leeds and - very
soon - Manchester, we have become an in demand
destination for premium dining and special events,
finding a unique way to recapture the sophistication and
luxury of restaurants of the past.

Our menus revolve around the best ingredients we can
find - be that 60 day aged Aberdeen Angus steaks,
sustainable seafood from the British coast, seasonal fruit
and vegetables, or locally-crafted drinks.
